

OFFICIAL SRCDD FEEDBACK SURVEY #2

The enclosed three discs (Wave 8) completes the second subscription of Mutant Pop Short Run Compact Discs. Bucks are now being taken for the third subscription, which will begin shipping in September. The next wave will include The Remotes, The Mansfields, and Jake & The Stiffs. The wave after that will include a live set by The Huntingtons along with SRCDDs by The Koopas and The Peabodys.

The third subscription costs \$45 for 12 discs. There will also be a bonus 13th disc towards the end of the year including "MP's Greatest Hits" for 2000—ten tracks of previously released material.

1. Please rate the overall quality of the following Mutant Pop SRCDDs on a scale of 1 to 10, with a "10" representing a completely flawless, rockin', wonderful specimen of the format and a "1" representing a totally rotten, unlistenable, hideous slab of useless gunk. **DO NOT ATTEMPT TO RATE TITLES WHICH YOU DO NOT OWN!**
