

four hot new releases

From **Mutant Pop**

MP-08 THE CONNIE DUNGS "I Hate This Town!" EP

Hot on the tail of their sensational single on Chicago's Harmless Records comes this delightfully overproduced snot-punk gem. Five killer tracks oozing with attitude. Hey, ya got your hooks and your harmonies, too, it says "Mutant Pop" on the label doesn't it? George Tabb is swooning over these guys in *MRR*, find out why! File next to CLETUS, THE MUSHUGANAS, THE AUTOMATICS, and THE QUEERS. Which means it's gonna sell like crazy! **April 15.**

MP-09 SCRATCH BONGOWAX "Dogpile on Liz" EP

If you know the score, you're already onto these guys, they've got a couple GREAT records out on Dionysus (available through Mordam). This punk flavor is slow, garagey, and gritty with moronic lyrics in the vein of BORIS THE SPRINKLER. A-side smash is a new remake of a track off their debut album, flipside features two brand spankin' new non-album cuts. SBW is from Southern California, their main label's from Tokyo. Go figure. **April 15.**

MP-10 JON COUGAR CONCENTRATION CAMP

"Victoria's Secret Sauce" EP

Fast and raw and oozing with hooks and energy, JCCC is a buzz band from San Diego, California. Their debut album is now out and selling quite nicely. This chunk of plastic is even better, featuring vocal backups by CARTER PEACE MISSION. I suppose you can think of JCCC as a faster, rawer version of EVERREADY. Four great songs, all non-album rockers! **Available NOW!**

MP-11 BUGLITE "Sorry to Disappoint You" EP

As part of Mutant Pop's never ending quest to track, record, and press the best pop-punk bands in the U.S.A., Pennsylvania's incredible BUGLITE have been added to the collection. While warm guitars and lyrics dripping with sentimentality are the order of the day, this band remains punk enough for review in *MRR*. The band has a 5000+ selling split with THE BOUNCING SOULS out there along with several other swell slabs. Another hot band! **April 15.**
